INCORPORATED

SPARKILL, NEW YORK

Phone 200 Piermont

ROCKLAND COUNTY

## INTRODUCTORY REMARKS AND TERMS

**T**HE plants offered herein are all sturdy, transplanted and nursery-grown for more than one year, and can be depended on to flower satisfactorily the first season after planting out.

Our stock of plants is reasonably large; we have thirty acres of hardy plants in cultivation. We make a specialty of supplying **Landscape Gardeners, Dealers, and others in the trade.**

We print real prices, which, as long as unsold and without **engagement**, we are willing to accept. The prices are net, except being subject to 2 per cent discount when cash accompanies order; otherwise payable in thirty days from date of invoice on approved credit. **Packing charges at cost**, f.o.b. Sparkill, N. Y. To meet reputable competition, we will reduce our prices still further on being given the opportunity.

No less than six of one kind furnished at dozen rates, 25 at 100 rates, 250 at 1,000 rates, unless otherwise specified. Clumps (or plants of extra-large size) can, in most cases, be supplied. Prices on application.

## CLIMBING AND RAMBLER ROSES OF SPECIAL MERIT

All the varieties offered here are hardy and retain their canes throughout the winter and require very little pruning

**Crimson Rambler.** Best known of the Climbing Roses and most popular; no need of describing its clusters of crimson flowers and many other virtues.

**Dorothy Perkins.** A splendid new shell-pink Climbing Rose. The flowers are borne in clusters of 30 to 40, and sometimes even 50 to 60. The flowers are large, very double, sweetly scented and of a beautiful shell-pink.

**Dr. W. Van Fleet.** The flowers when open run 4 inches and over in diameter, are a delicate shade of flesh-pink, full and double, of delicate perfume, and fine for cutting. The foliage is a peculiar shade of bronze-green, large and glossy. The variety is a vigorous grower, immune from mildew.

**Excelsa** (Red Dorothy Perkins). The color is an intense, clear crimson-maroon, with tips of the petals tinged scarlet. Flowers are large and double.

**Gardenia.** A strong and vigorous grower, producing large double flowers singly on the stems. Bright yellow in bud; when open, cream color, and 3 to 4 inches in diameter. This plant blooms profusely and the fragrance is delightful. Glistening evergreen foliage. One of the best of this type.

**Hiawatha.** Brilliant scarlet; bears large clusters of single flowers; bright, effective and useful for planting in masses.

**White Dorothy.** New. Pure white sport of Dorothy Perkins. A splendid companion for the pink variety, as it flowers at the same time.

Prices for any of above-named varieties, strong, 2- to 3-year-old, field-grown plants, 40 cts. each, \$4 per doz., \$30 per 100

### Surplus Large-sized Shrubs and Evergreens

We have a surplus of large-sized Shrubs and Evergreens growing on a piece of ground we wish to clear this spring, and are offering them at low prices. They were all cut back two years ago and now carry a large ball of roots with numerous branches suitable for making immediate effect, and are all in first-class order. List of varieties and prices sent upon request.
